

Newsletter – December 2020

Dear project partners, a few words from Lund:

- The process for prolongation of our project – until June next year – is ongoing and we will let you know when the final decision is in place.
- Thank you for the good cooperation with the Mini Call. Your commitment and quick answers are very much appreciated. Decision is expected by February 24th.
- From next year our officer at the Joint secretariat will be Antanas Sabanas. Thank you Máté Szálók for excellent guidance.
- Thank you for reporting you partial payment claims. The preliminary schedule is that the Joint report will be controlled by JS in January. When we get approval from JS reimbursement will be done from LU to all PPs (probably end of January).
- We will contact you all in the beginning of next year to summarize the status of our final deliverables within the project.

It has been a strange year but we are happy to see that pilots have been running, analyses have been made and communication efforts done allowing us to keep the core of our project running. Thank you!

If you have any questions don't hesitate to contact us.

Merry Christmas & Happy New Year!
